King Accacia is by the successful advanced event sire **Rock King**. Rock Kings' sire **Just a Monarch** produced many superb eventers including **Kings Jester, Just an Ace** and **Midnight Monarch**.

Honeybo was also an advanced horse who competed at International level with a super attitude.

He has proven performance pedigree on both sides.

'Frank' displays a wonderful temperament both to handle and under saddle. He shows three correct paces and a superb careful jumping technique. He is currently Intermediate level eventing, including finishing 2nd at Blair Castle CCI*. He is also training at medium level dressage.

He would be well suited at add quality, speed and refinement to half or quarter bred mares.

Available by AI only. £350 NFFR
